Queens Cross Housing Association

Data Protection Impact Assessment

For guidance on how to complete this form, it is important to read the DPIA Procedure before and during completion of this assessment.

This assessment must be commenced at the beginning of any project involving the use of personal data, or if you are making a significant change to an existing process. The final outcomes must be integrated back into the project plan.

This form should be stored with the DPIA Screening Form.

Name of Organisation	Queens Cross Housing Association
Project Title / Change Description:	CCTV Usage – Westercommon Area v2
Project Manager/ Lead details:	Gillian Harkins, Community Caretaking Service Manager
Name of Data Protection Officer	Trish Knight RGDP LLP
Date of Assessment:	28/06/2024

Step 1: Identify the need for a DPIA

Explain broadly what the project aims to achieve and what type of processing it involves. You may find it helpful to refer or link to other documents, such as a project scoping. Summarise why you identified the need for a DPIA.

(See DPIA Procedure Step 1 for further guidance).

To use CCTV externally and internally for the purposes of health and safety, the prevention and detection of crime and for the safety and security of staff, tenants, and other persons, including visitors to Queens Cross Housing Association premises.

Step 2: Describe the Processing

2a Describe the nature of the processing:

(See DPIA Procedure Step 2 for further guidance)

How will you collect, use, store and delete data? Please answer in the box below

Make and Model of camera:

28 x static entrance camera. Analogue except 8 x lift

5 x PTZ Cameras.

6 x Static Multi heads.

6 x Static internal cameras. Analogue

<u>Servers</u>

2 x servers located in courtyard building

The footage is stored on our own internal server and is deleted continuously every 30 days.

Throughout various sites there are 13 x wireless links at various locations connected to central location at 65 Cedar Street and then linked back to our centralised CCTV hub at 45 Firhill Road.

This room has 8 x 43inch wall monitors, 3 x spot monitors, and 1 x playback monitor and PC for disk burning.

Location of cameras

	Westercommon internal and external cameras
Camera 1	External rear 109 Cams 1, 2, 3.
Camera 2	External front 109 Cams 1,2,3,4.
Camera 3	External corner Ellesmere / wcrd (PTZ)
Camera 4	External corner Ellesmere / 231 Cams 1,2,3.
Camera 5	External side 231 (PTZ)
Camera 6	External rear 231 Cams 1, 2, 3, 4.
Camera 7	External Pan PI / 187 (PTZ)
Camera 8	External Side C/Yard / rear 187 Cams 1, 2, 3.
Camera 9	External rear C/Yard (PTZ)
Camera 10	External wcdr Cams 1, 2, 3.
Camera 11	External front entrance 109
Camera 12	Internal outer foyer 109
Camera 13	Internal inner foyer 109
Camera 14	Internal inner foyer 109
Camera 15	Internal odd lift 109
Camera 16	Internal even lift 109
Camera 17	Internal ground rear stair 109
Camera 18	External front entrance 231
Camera 19	Internal outer foyer 231
Camera 20	Internal inner foyer 231
Camera 21	Internal inner foyer 231
Camera 22	Internal even lift 231
Camera 23	Internal odd lift 231
Camera 24	Internal ground rear stair 231
Camera 25	External front entrance 187
Camera 26	Internal outer foyer 187
Camera 27	Internal inner foyer 187
Camera 28	Internal inner foyer 187
Camera 29	Internal odd lift 187
Camera 30	Internal even lift 187
Camera 31	Internal ground rear stair 187
Camera 32	External front entrance 151
Camera 33	Internal outer foyer 151

Camera 34 Camera 35			
	Internal inner foyer 151		
Come			
Camera 36	Internal even lift 151		
Camera 37			
Camera 38 Internal ground rear stair 151			
What is the so	ource of the data? Please	answer in the box below	
The source of	the data is the cameras.		
Will vou be sh	aring data with anyone?	Please answer in the box below	
-			
	red internally and would on panies / legal advisors) if la	ly be shared with others (e.g. police / investigators / wful.	
What types of	processing identified as	likely high risk are involved?

6(1)(f) Legitimate Interests - The processing is necessary for the purposes of legitimate interests pursued by the business or another party and does not prejudice the rights and freedoms of the individual (please provide further details below)

If processing Special Category Data, please select which of the conditions for processing applies

N/A

2c Describe the context of the processing:

(See DPIA Procedure Step 2 for further guidance)

What is the nature of your relationship with the individuals? Please answer in the box below

Individuals who will be captured in the CCTV recordings will generally be staff, visitors and contractors attending the location.

How much control will they have? Please answer in the box below

Little control – they will not have the choice whether to appear in the images or not. Signage will be in place to inform CCTV is in operation. They will have the usual rights under UK GDPR in relation to their personal data.

Would they expect you to use their data in this way? Please answer in the box below

People are used to having their images recorded on CCTV. The surveillance camera technology is not facial recognition CCTV.

Individuals entering and outside the premises are advised by signs that we are recording CCTV imagery.

The wording of the signs includes " this area is monitored by CCTV"

The signs are located visibly in the area – NB a review of this is currently underway

Do they include children or other vulnerable groups? Please answer in the box below

There is no intention to focus on children or vulnerable groups, but the cameras may capture their images if they are at the location.

Are there prior concerns over this type of processing or security flaws? Please answer in the box below

No – CCTV is a widely understood and accepted technology.

Is it novel in any way? Please answer in the box below

No.

What is the current state of technology in this area? Please answer in the box below

In common use.

Are there any current issues of public concern that you should factor in? Please answer in the box below

Facial recognition systems are of public concern, but there is no intention to use this type of technology as part of our CCTV system.

Are you signed up to any approved code of conduct or certification scheme (once any have been approved)? Please answer in the box below

N/A

2d Describe the purposes of the processing:

(See DPIA Procedure Step 2 for further guidance)

What do you want to achieve? Please answer in the box below

Health and safety of employees and users of our services, security of our buildings and the detection and prevention of crime.

What is the intended effect on individuals? Please answer in the box below

Health and safety, security and the detection and prevention of crime.

What are the benefits of the processing for you, and more broadly? Please answer in the box below

Health and safety of employees and users of our services, security of our buildings and the detection and prevention of crime.

Step 3: Consultation

Consider how to consult with relevant stakeholders: (See DPIA Procedure Step 3 for further guidance)

Describe when and how you will seek individuals' views – or justify why it's not appropriate to do so. Please answer in the box below

It is not deemed appropriate to carry out a consultation as all parties are aware of the requirement. The use of CCTV is covered on our Privacy Notice and there is signage in place advising of the usage, who the Data Controller is and who to contact with any concerns. This is currently under review

Who else do you need to involve within your organisation? Please answer in the box below

Governance team, estates management, DPO, ICT

Do you need to ask any relevant data processors to assist? Please answer in the box below

Yes – for installation and maintenance of the system.

Do you plan to consult information security experts, or any other experts? Please answer in the box below

No.

Step 4: Assess Necessity and Proportionality

Describe compliance and proportionality measures, in particular:

(See DPIA Procedure Step 4 for further guidance)

What is your lawful basis for processing? Please answer in the box below

The lawful basis for the processing is that it is in our legitimate interests, and we have conducted a legitimate interest assessment to that effect.

Does the processing actually achieve your purpose? Please answer in the box below

It is necessary and proportionate to use CCTV recordings for the purposes stated.

Is there another way to achieve the same outcome? Please answer in the box below

It is not financially practicable to employ the services of a security guard.

How will you prevent function creep? Please answer in the box below

Any changes to the system will be controlled via project change processes and if applicable, an update to this DPIA will be done.

How will you ensure data quality and data minimisation? Please answer in the box below

Data is minimised through routine deletion.

What information will you give individuals? Please answer in the box below

Individuals are made aware of the recordings through prominent signage.

How will you help to support their rights? Please answer in the box below

Data subjects can exercise their data subjects' rights in accordance with our privacy notice.

What measures do you take to ensure data processors comply? Please answer in the box below

If contractors providing/maintaining system can access the images, they will be asked to sign a Data Processor Agreement.

How do you safeguard any international transfers? Please answer in the box below

All personal data will be stored in the UK.

Step 5: Identify and Assess Risks

Risk assessment (to be completed by Data Protection Officer in conjunction with project sponsor)

arm	PROBABLE	Low	High	High		Wha	t does 'har	m' mean?
d of H	POSSIBLE	Low	Medium	High		It is something that has an impact on an individual and		
Likelihood of Harm	REMOTE	Low	Low	Low		can affect their circumstances, behaviour, or		
		MINIMAL	SIGNIFICANT	SEVE	RE	choid	ces.	
Severity of Harm Severity of Harm For example, a seffect might inclusion something that a person's financia health, reputation services or other or social opporture				ude Iffects a al status, n, access to r economic				
Describe the source of risk and nature of potentialimpact on individuals.Include associated complianceand corporate risks as necessary.(See DPIA Procedure Step 5 for further guidance)			Likel of Ha	ihood arm	Severity of Harm	Overall risk		
Risk No. 01 Interference with privacy rights.			Rem	ote	Minimal	Low		
Risk No. 02 Lack of security of the personal data.			Poss	ible	Significant	Medium		

Step 6: Identify Actions to Mitigate the Risks

Identify additional measures you could take to reduce or eliminate risks identified as medium or high risk in step 5

(See DPIA Procedure Step 6 for further guidance)

Risk	Actions to reduce or eliminate risk	Effect on Risk (reduced / eliminated / Accepted)	Residual Risk (Low/ Medium/ High)	Action Approved (Yes/No)
Risk No. 01	Prominent signage identifying the data controller	Reduced	Low	Yes
Risk No. 02	Adequate IT and internal procedural measures to ensure no inappropriate disclosure takes place.	Reduced	Low	Yes

Step 7: Approval and Record of outcomes

(See DPIA Procedure Step 7 for further guidance)

Item	Signed / Date	Notes
	0	
Risk Actions approved by:	Gillian Harkins , Community caretaking service manager	Integrate actions back into project plan, with date and responsibility for completion
	13.6.24	
Residual risks approved by:	Gillian Harkins , Community caretaking service manager	If accepting any residual high risk, consult the ICO before going ahead
	13.6.24	
Consultation responses reviewed by:	Na – internal reviews completed as part of DPIA	If your decision departs from individuals' views, you must explain your reasons

DPO advice provided:	T Knight 4.6.24 & 28.6.24	DPO should advise on compliance, step 6 measures		
	DPO RGDP LLP	and whether processing can proceed		
		proceed		
Summary of DPO advice:				
This is not unusual processing	g and fully documented .			
LIA is available on lawful basi	s for CCTV
